We are very fortunate to have a professional videographer who will be videotaping our recital in HD quality. These are priceless keepsakes to cherish for years to come! The Recital Media Package includes all three Spring Recital shows, the ballet production of "Phantom of the Opera", a DVD and digital link. The DVDs will be in a few months after the recital – available at the studio to be picked up. We will send out an email notifying you they have arrived. If you do not pick them up 30 days after notification they will become JPDC's property.
